

MUTA

Accredited Best Practice

This is to certify that:

Mahood Marquees Ltd

Membership number:

272

is bound through its membership of MUTA to comply with "Safe Use and Operations of Marquees and Temporary Structures", is subject to inspection, and is accredited by MUTA accordingly.

The MUTA Best Practice Guide is supported by the Health and Safety Executive.

The company's tentage fabrics, inner linings and floor coverings must be flame retardant to the standards specified in the Code of Practice.

The company is subject to the MUTA Inspection Process whereby its marquee installations are randomly inspected by qualified Inspectors in order to report and verify site installation and clearance safety procedures and safety check of the finished temporary structures.

This certificate is valid from: **1st January 2018**

Until: **31st December 2018**

Jon Parr
MUTA President

Certificates are issued to registered members who are approved operators on an annual basis.
This certificate remains the property of MUTA and must be returned on demand.
